

EdChoice Program Designated Public Schools

The following is a list of schools that have either:

1) been in Academic Emergency or Academic Watch for two of the past three school years (2009-2010, 2010-2011, and 2011-2012) unless the most recent report card rating was Effective or Excellent, or

2) ranked in the lowest 10% of public school buildings by performance index score for two of the past three school years and are therefore designated for the EdChoice Scholarship Program.

The following students are eligible to apply for an EdChoice scholarship:

- Students currently enrolled in and attending EdChoice-designated public school buildings in their district of residence
- Students enrolled in a community school who would otherwise be assigned to one of the EdChoice-designated public school buildings, or;
- Students currently enrolled in a regular public school in their district of residence or community school who would be assigned to attend one of the EdChoice-designated public school buildings for the upcoming school year. This provision is for students moving from one level of school to the next. For example, public school students moving from elementary to middle school would be eligible to apply if the middle school that they would be assigned to in the fall is designated for EdChoice;
- Students eligible to enter kindergarten in the next school year who would be assigned to one of the EdChoice public school buildings.

Closing: Students currently enrolled and attending a public school building that is closing at the end of the school year are still eligible, but no new students (such as incoming kindergarten students) would be assigned to that building for the following year.

Not Eligible: Students attending a private school during the 2012-2013 school year, and home-schooled students are not eligible for an Ohio EdChoice Scholarship.
